REFLECTIVE CAP

The special extra of safety for your workwear creations.

Adding accessories for additional visibility increases the safety and protection of your workwear garments.

VISIBILITY UNDER ALL CONDITIONS

Our Reflective Cap is made from durable brass and coated with a durable reflective foil from our partner Loxy AS, meeting the highest industrial standards and relevant certifications. Applicable with our S-Spring system, 4P, Ring-Spring and the Aqua system, the cap offers a wide range of application possibilities including waterproof combinations.

LIFESAVER & EYE-CATCHER IN ONE

With its good reflection effect the cap is certified for visible safety workwear in high-risk areas (ISO 20471). It is suitable for police and other authority uniforms, clothing for emergency services as well as any other workwear aiming for additional visibility. Available in silver, anthracite, yellow and orange, it can also be used as a fashionable eye-catcher for any garment.

APPLICATION AREAS

Corporate Wear

PPE
